SEDALIA, MISSOURI, WEDNESDAY EVENING, MAY 25, 1910.

VOL. 4, NO. 122. PRICE FIVE CENTS

TO DEDICATE HOME

SEDALIA LODGE, ODD FELLOWS,
LAST NIGHT DECIDED
ON JUNE 14.

MANY VISITORS ARE TO BE HERE

Former Governor A. M. Dockery, who is now Grand Master of the Order, will deliver address—Reorganize Degree Team.

The members of Sedalia lodge No. 25, I. O. O. F., at Tuesday night's meeting, made all the arrangements and set the date for the dedication of the new Odd Fellows' home, Fifth street and Ohio avenue, formerly the Hoffman building, which event will be appropriately celebrated on Tuesday, June 14.

It is expected that five hundred Odd Fellows from all parts of the state will be here. A. M. Dockery, former governor of Missouri, and grand master of the order, will attend from Gallatin, Mo.; likewise J. W. Wilkerson, grand secretary, of St. Louis; Grand Warden Sterling, of Warrensburg, and other grand officers.

The dedication ceremonies will begin at 9:30 a. m. and will be concluded late that night with a sumptuous banquet in the dining parlors of the home, on which occasion the lodge's banquet paraphernalia will be put into use for the first time.

Grand Master Dockery will deliver the dedicatory address. Only Odd Fellows will be entitled to admittance. B. E. Buren, manager of the home, has in his possession about fifty letters from prominent Odd Fellows all over the state, some from the most remote parts, inquiring as to the date of the celebration and these with many others will attend.

A car load of furniture, shipped from Chicago, and weighing 13,000 pounds, arrived in Sedalia today and will be installed in the lodge hall at once, and on the occasion of the celebration will be entirely completed and equipped.

At the same meeting last night the lodge took steps to thoroughly reorganize the degree team by re-electing B. E. Buren degree captain. The team consists of twenty-seven members and a meeting will be held either next Saturday or Tuesday night to make the individual assignments, after which Sedalia lodge will attempt to reorganize the most efficient degree team of Odd Fellowship in Missouri.

The idea to reorganize was conceived at the grand lodge meeting at Columbia last week, when various teams in Missouri exemplified the degree work. Sedalia lodge then gained some pointers about the work, which, when added to the present knowledge, will make this team second to none in the state.

The dedication of the new home will be one of the prime events of Odd Fellowship in Missouri, and extended plans are being made for a royal entertainment of the visiting Odd Fellows.

A LITTLE GIRL'S PARTY

A delightful surprise party was given at the home of Mr. and Mrs. A. H. Kemp, 1300 West Eleventh street, Tuesday afternoon, the occasion being the celebration of the sixth birthday of their daughter, Ruby Virginia.

The hours of entertainment were from 4 to 6 o'clock, and quite a number of young folks attended.

Various games were indulged in, after which dainty refreshments were served.

BOY LOST TWO FINGERS

Off at First Joint While Cutting Grass Last Night.

Clark Watson, a 7-year-old boy, residing with his parents at 700 East Fifteenth street, was seriously injured at his home at 8 o'clock last night.

The child was engaged in cutting grass, using a lawn mower. His right hand came in contact with the blades of the mower and the index and middle fingers of the member were completely severed at the first joint.

Dr. Charles McNeil was summoned and dressed the wounds.

Former Sedalian Prospering.

Lon V. Ware, county treasurer, today received a descriptive pamphlet of Clinton, Ok., from his nephew, John A. Ware, Jr., in which is shown to good advantage an elegant home occupied by Mr. Ware and family. Mr. Ware is now engaged in the wholesale grocery business there. He formerly lived in Sedalia.

MAY PROVE FATAL

ERNEST JERRELL, 10 YEARS OF AGE, FRIGHTFULLY BURNED LAST MIDNIGHT.

CLOTHING IGNITED FROM A LAMP

Dr. W. J. Willis Was Called to Attend the Lad—Burns on Back, Left Arm and Left Side—Outcome Is Not Certain.

Ernest Jerrell, a 10-year-old son of Mr. and Mrs. T. S. Jerrell, the former a carpenter, was probably fatally burned at his parents' home, 320 East Howard street, at 12:30 o'clock this morning.

He is at his home today in a critical condition, and the attending physician, Dr. W. J. Willis, is not certain of the boy's recovery.

Young Jerrell was sitting by the side of a table in the sitting room of his parents' home reading a library book at 12:30 o'clock. He fell asleep, and had no sooner done so than his clothing caught fire from the lamp.

In a moment he was aflame. Crying and screaming, he ran into the yard, where the fire was extinguished, not, however, until his back, left arm and left side had been frightfully burned.

Dr. W. J. Willis was summoned at once and dressed the burns, remaining with the patient for two hours, after which the lad seemed to be resting easily, although his condition is grave and the outcome cannot be told at present.

Klingenberg; Eastern district judge, Chris Temple; Western district judge, John Strodtman; collector, U. G. Phetzing; county clerk, E. D. Schaberg; circuit clerk, Charles Riggs; probate judge, John Kirkpatrick; prosecuting attorney, W. M. Ilgenfritz.

Mr. Ilgenfritz is a son of Alderman W. D. Ilgenfritz, of Sedalia.

LEASED THE LEE HOTEL

Former Sedalia Lady Now Located at Los Angeles, Cal.

Mrs. John Myers, widow of a former Missouri Pacific engineer, residing at 421 West Fifth street, received a letter Tuesday afternoon from her daughter, Mrs. J. M. Hines, formerly Mrs. Mary Donnelly, of St. Louis, in which the writer stated that she and her husband have leased the Lee hotel at Los Angeles, Cal., which they will conduct in the future.

The lease calls for an annual rental of \$72,000, and includes the purchase of the hotel furnishings.

Mr. Hines was formerly engaged in business at Cincinnati, Ohio, and was married to Mrs. Myers' daughter at St. Louis several months ago, as chronicled in the Democrat-Sentinel at the time.

WHITES VS. BLUES

CONTEST BY YOUNG PEOPLE'S SOCIETY OF CHRISTIAN ENDEAVOR.

HELD GOOD MEETING LAST NIGHT

Will Strive to Increase the Membership, the Winning Side to Be the Guests at Banquet Given By Losers.

Miss Nettie Peck, of 905 East Ninth street, was at home to the members of the Young People's society of Christian Endeavor of the East Broadway Christian church last night.

Twenty-two guests attended the function, which opened with a business session, followed by a social hour, during which dainty refreshments were served.

During the business meeting Miss Latoria Mayfield was elected delegate to the district convention to be held at Holden on June 14-17 inclusive.

The society members at the meeting inaugurated a contest to increase the membership of the society, dividing into two sections, each section to be under the direct charge of a captain, who are to supervise the campaign.

James Chander was elected captain of the "Whites," and Miss Nettie Peck, treasurer of the same side, while Mrs. A. K. Smith was elected captain of the "Blues," with Miss Mabel Hill holding the office of treasurer.

The contest will be waged vigorously, and will close about July 1. A banquet for the victorious side will be the merit.

After disposing of a few minor matters of a business nature the meeting was converted into a social time, and at a late hour the members returned to their homes, determined to increase the membership to a noticeable extent.

Those who attended the meeting were:

Mr. and Mrs. A. F. Goetze, Rev. E. H. Williamson, Mr. and Mrs. A. K. Smith, Mrs. Brown, Sarah Peck, Stella Alexander, Latoria and Myrtle Mayfield, Mabel Hill, Emma and Minnie Dunton, Lee and Lucy Smith, Mary Hopkins, Eva and Ellen Peck, Nettie Peck, Bruce Finch, Arthur Lilscomb, Harry Stotts.

TRIBES MAY DOUBLE UP

Red Men of the City Held Important Meeting Last Night.

The members of Apache tribe No. 55, I. O. R. M., at an enthusiastic session held last night, took initial steps for the consolidation of Apache and Wichita tribes of Red Men, but a separate vote by each tribe will be necessary before the consolidation is perfected.

Apache tribe has about 100 members, while Wichita tribe has 120. For some time past a number of prominent Red Men of the two tribes have been discussing the consolidation plan, and after approaching the subject to the two tribes the matter was satisfactorily received.

Should the plan work, the two tribes will utilize the same hall and elect a new list of officers in July.

At last night's meeting W. E. Atchison was initiated into the tribe and two applications were balloted on. Reports were received from the great council committees and representatives to the great council, to be followed by their final report at a future meeting.

The chase began yesterday afternoon at 2:30 o'clock. One fox was located and chased until the supper hour, but was not captured.

At 8:30 o'clock last night the chase was resumed and continued until 2:30 o'clock this morning, but without success, the three animals that were unearthed making their escape.

Tomorrow is ladies' day, and it is expected the attendance will be increased to 600 or 700.

He was arraigned before Justice J. B. Rickman this morning and entered a plea of guilty to carrying concealed weapons. On his admission of guilt he was held to the action of criminal court in the sum of \$500.

RAISE PER CAPITA

PRESENT PLAN OF CATHOLIC KNIGHTS AND LADIES OF AMERICA.

ARE NOW IN SESSION IN ST. LOUIS

Found the Treasury Depleted, and an Increase in the Funds From Some Source Is an Absolute Necessity.

That the per capita assessment will be doubled by the tenth biennial national convention of the Catholic Knights and Ladies of America, which opened a three day session at the American theater in St. Louis Tuesday afternoon, is generally understood between the officers and delegates, says today's St. Louis Republic.

The per capita tax is now 25 cents. The convention at Kansas City in May, 1908, found the organization with a large surplus in the treasury and reduced the assessment from the 50-cent basis, on which it had been operating since the organization in 1890, to the present 25 per cent basis.

The tenth biennial convention found the society's treasury depleted, and the operation of the organization affected for want of running expenses, the lowered per capita having been inadequate.

Two hundred and ten delegates were seated by the report of the credentials committee Tuesday afternoon. The appointment of committees by Supreme President Dennis E. Kelly was followed with the adjournment to 9 o'clock this morning.

The delegates, with their wives and families, were the guests of the St. Louis delegation at the opera at Delmar Garden in the evening, followed by a luncheon.

Archbishop John J. Glennon will address the convention today. The officers and more eminent members of the organization will make after-dinner talks at a banquet at Hotel Jefferson tonight.

The delegates attended the celebration of high mass at St. Teresa's church yesterday morning.

WANT A FUNCTION?

IF SO, CAN GET IT READY-MADE OVER AT KIRKSVILLE, MISSOURI.

SCHEMES FOR RAISING THE COIN

Ladies Propose to Beautify the Cemetery—To That End Will Cut Hair, Shave Necks and Paint the Garbage Cans.

Kirksville, Mo., May 25.—This is one of the towns where one may rent a full fledged reception, from daintily gowned punch servers in the front hall to tri-colored slabs of ice cream in the decorated dining room.

Determined to beautify the Forest-Llewellyn cemetery, a branch of the Sojourners' club has arranged to rent receptions to raise funds for that worthy purpose, and if some wants to entertain all that is necessary is that the proper officer and association be seen and the rental be forthcoming, and the social affair will be given ready-made.

The ladies are very much in earnest to improve the cemetery and have evidenced their resourcefulness in many ways. Among the methods adopted by them for raising money are the serving of public dinners, raising flowers, running a merry-go-round and cutting hair, the latter operation including a "neck shave," which, of course, is extra. Signs are also painted for garbage cans.

The receptions offered for rent do not savor of public affairs, but have all the refining surroundings of a strictly private social function.

A GRADUATE NOW HERE

Won High Honors at Mexico Military School.

Robert Lee Evans, a graduate of the Mexico Military academy at Mexico, Mo., arrived here last night for a few days' visit with his aunt, Mrs. Harry O. Moss, wife of the county surveyor, of West Fourth street, and his uncle, John W. Evans, special agent for the M. & K. T. Mr. Evans' home is at Mineral, Ok. He was graduated from the academy with some of the highest honors of any student at the institution and is one of the most popular young men who ever attended that school.

IT WAS AN ELOPEMENT

Couple From Windsor Married by Rev. Trader Today.

Richard J. Bowen, a young man from Windsor, and Miss Ella V. Fryer, of the same place, were quietly married by the Rev. W. S. Trader at the divine's home, 621 West Fourth street, at high noon today.

The bridal couple was conveyed to Missouri Pacific train No. 1 in an automobile and left at once for Kansas City to spend their honeymoon.

The couple was over zealous to keep the news quiet, which accounts for the rumor that the marriage was an elopement, which investigation proved to be true.

Marriage Licenses Issued.

Marriage licenses were issued today to the following:

John W. Bras and Lura Pearl Dukes, both of Sedalia.
Samuel A. Swisher, of Windsor, and Martha L. McBurney, of Cole Camp.
Richard J. Bowen and Ella V. Fryer, both of Windsor.

QUITE A ROMANCE

STORY OF YOUNG ENGLISHMAN WHO BOUGHT A RANCH IN MEXICO.

WAS LORD DELAVAL BERESFORD

Took Up With a Negress, Who Became Known as "Lady Flo," and Who Finally Got Good Portion of His Estate.

San Antonio, Texas, May 25.—The sale of the 110,000-acre Ojitos ranch in Northern Chihuahua, Mexico, for \$199,000 may be looked upon as the last chapter in a tidily fervent problem romance. Just as the problem novelist would not have it, the hero is now dead and the heroine lives in comparative splendor in a fine brick house on Campbell street, El Paso, Texas.

A little over twenty years ago there put in appearance in Chihuahua a young Englishman, who seemed anxious to get away from something. This something ultimately proved to be nothing less than London's drawing room atmosphere. Lord Delaval Beresford, brother of Admiral Lord Charles Beresford, of the British navy, for such is the identity of the hero, had grown tired of sugar-coated civilization, and for this reason had gone into the wilds. His own kind no longer appealed to him. Miles away from any railroad then there was the Ojitos ranch at 50 cents an acre, and plain Delaval Beresford, as he was known, bought

BLOODY RAGS ARE FOUND

Mystery Had Not Been Explained Up to Press Time.

An armful of bloody rags and cotton, strung along the tracks of the S. W. & S. W. railway, between Seventeenth and Nineteenth streets, was the cause for a visit to that locality by the police and county officers today, investigating what appeared to have been a ghastly scene last night.

The first evidence of the mystery was learned this morning, when ladies in that locality noticed blood on the tracks. Investigating they found some cotton and rags, saturated with blood.

The rags were scattered all along the tracks for a distance of two blocks. The authorities were notified and hurried to the scene. The bloody articles were taken to the office of Chief of Police Howard Wood for investigation.

At the hour the Democrat-Sentinel went to press the mystery had not been explained.

THE CHECK WAS NO GOOD

Uncle Peter Lane Out \$7 in Cash and \$5 in Goods.

Peter Lane, the Ohio avenue shoe merchant, was made the victim of a worthless check plot by a female, who gave her name as Mrs. Loretto A. Sweeney, last Saturday evening, but did not learn of his loss until this morning, when notified by the cashier of a Boonville bank.

During the supper hour last Saturday the female entered the store and made a \$5 purchase. She said she wanted a few dollars in change, and tendered in payment for the goods a check for \$12, signed, "Mrs. Loretto A. Sweeney," drawn on a Boonville bank.

The female was given \$7 change and left. Today the check was returned from the Boonville institution, pronounced "no good."

Entertained Pensington Club.

Mrs. George Gallie, of East Fifth street, delightfully entertained sixteen ladies of the Pensington club at her home Tuesday afternoon. Among the out-of-town guests were Mrs. Frank Webster and little daughter, of New Franklin, Mo. After a pleasant social session dainty refreshments were served.

Wiped Out Business Section.

Higginsville, Mo., May 25.—The business part of Corder, Mo., located five miles east of here, was wiped out by fire today. Corder has no fire department and aid was sent from here.

**The Weather Forecast.**

Partly cloudy, with probably show-
ers in the west portion tonight or

A THOUGHT FOR TODAY.

A man should not allow himself to
hate even his enemies, because if you
indulge this passion on some oc-
casions, it will rise of itself in others;
if you hate your enemies, you will
contract such a vicious habit of mind,
as by degrees will break out upon
those who are your friends or those
who are indifferent to you.—Plutarch.

THE ARROGANCE OF LEADERS.

It is no doubt true that the equita-
ble manner of nominating party
candidates and fixing party standards in
civic matters has not as yet been
evolved.

There is but one true ideal in the
premises and that is for the party
to stand for something, and, in the
second place, to nominate men who
represent the ideals to which the
party is committed.

The primary plan is ideal as a
nominating function. Still, it makes
no attempt to formulate party prin-
ciples, and there is danger, under the
operation of our primary plan, of our
politics drifting into a contest of per-
sonalities rather than of principles.

The two should go hand in hand—
principle first and personality, the
personification of the principle, second.

To the end that good men represent-
ing high ideals may be induced to
file declarations asking nominations.
It is well that party councils be called
held prior to the expiration of
the time allowed for filing under our
primary law. If the democratic party,
however, should adopt such a course
it would be well to avoid the spirit
shown by the leaders of the republic-
an party in this state. It should be
borne in mind that the democratic
party is a party of the people and not
of the bosses.

There should be no effort on the
part of the politicians to eliminate
contests, as was done by the republic-
ans prior to the last state campaign,
by deciding in an unofficial caucus of
leaders on one man for each place.
If individuals aspiring to any posi-
tion wish to arbitrate, all well and
good, but the party effort should be
to secure good men, representing
democratic ideals, to file declarations
asking nomination for the various
offices.

The democratic party can not af-
ford to imitate the republican plan
of the leaders naming the ticket, for
this action defeats the very purpose
for which primaries are held, and
threatens the very fundamental prin-
ciple of the system which is to give
all the people a voice in saying who
shall be the party standard bearers.
The republican committees all over
this state have met and practically
assumed unto themselves the power
of naming a ticket. The result is that

as a rule but one man will stand for
nomination for an elective office.

Our republican friends have gone
so far in this matter that they have
appointed a committee of from three
to five to select a candidate for the
important position of supreme judge,
and at meetings in each county a
committee elected two years ago has
already, in a great majority of cases,
in reality nominated the party ticket.
While this exercise of power on their
part shows a strong and effective
machine organization, it strikes at
the individuality of the rank and file
of the party, and will be rebuked at
the polls by many of the intelligent
voters who feel that they are just as
competent to pass upon the qualifica-
tions of candidates as are the self-
assumptive politicians, who have
practically disfranchised the masses
of the party so far as nominations
are concerned.

Let the democrats get together
for consultation and advice, but keep
in mind that the best interests of the
democratic party lies in giving every
democrat the power of exercising his
individual judgment in all matters of
interest to party organization.

MORE GRAFT.

Representative John A. Martin, of
Colorado, is a man who will repay
watching. Evidently he is a con-
gressman of more than ordinary call-
ber. A young man and a first-term-
er, he has already given evidence of
marked ability, intense earnestness
and bulldog tenacity.

He has got Taft, Cannon, Aldrich
and the whole stand-pat bunch on
the anxious seat and the sugar trust
and other predatory interests on the
verge of nervous prostration. Practi-
cally single-handed he has persisted
in probing into the Philippine friar
lands sales to the sugar trust, and
though much is yet to be learned,
enough has been made known to in-
dicate that a gigantic scandal is
about to be unearthed.

Martin charges that the United
States government has sold 55,000
acres of rich Philippine sugar lands
to a subsidiary concern of the sugar
trust, in violation of the organic law
of the islands, which states plainly
that no corporation shall be allowed
to purchase more than 2,500 acres.
Furthermore, the deal, which Martin
believes to have been engineered by
the firm of Strong & Cadwallader, of
which President Taft's brother is a
member, was made at a price, it is
charged, vastly below the actual
value of the lands.

Martin has introduced nine resolu-
tions calling for information con-
cerning various features of the sug-
ar land sale, and has more up his
sleeve, three of these measures pass-
ed the house, indicating that the
democrats and insurgent republicans
are convinced that Martin knows
what he is talking about and that his
charges are well founded.

Mr. Taft's administration can not
survive another scandal. The \$40,
000,000 Panama canal deal was de-
cidedly questionable, but a complai-
sant and kindly disposed public was
not inclined to be too inquisitive or
exacting.

Following that, the Balinger-Gug-
genheim-Morgan revelations have
strained the patience and forbearance
of the public almost to the breaking
point. If now is added evidence of
gigantic graft in the Philippines the
limit will be reached.

But if the present administration is
honey-combed with graft it is high
time the people were made acquaint-
ed with the truth. John A. Martin,
of Colorado, is doing splendid public
service in persistently demanding the
facts. Let the good work keep up!

It is seemingly but a short step
from republican insurgency to radical
democracy. The recent speeches of
Senators Dolliver and Cummins at
Des Moines might well have been

mistaken for an address by William

J. Bryan. Senator Cummins' asser-
tion that the present leaders of the
republican party are in league with
the corporations and have "scant
time to consider the needs and de-
sires of the great mass of humanity"
is but a reiteration of charges made
by the Nebraska democrat upwards
of ten years ago. The Iowa senators
stand practically where the democ-
racy has stood for more than a decade,
and their attitude and that of the
other insurgents is merely a vindica-
tion of democratic principles—a no-
tice to the world that Bryan was
right in 1896, in 1900 and in 1908.

Years have passed since the re-

publican party in national conven-
tion declared for the admission to
statehood of all the territories. But,
with the day of adjournment of con-
gress near at hand, statehood, im-
mediate or remote, for New Mexico
and Arizona lies neglected in the
hands of the senate committee on
territories, just another proof of the
fact that republican platforms, like

those of railroad trains, are made
only to get in on and not to stand on
after you are in.

During the first ten days of May
the government spent \$1,619,081.46
more than it took in. And still they
prate about what a success the new
tariff bill is as a revenue getter.

CLASS NIGHT EXERCISES

"Higbee," of Harvard, Presented
Creditably Last Night.

In the presence of the largest audi-
ence that has assembled in the au-
ditorium this year the class day ex-
ercises of the senior class of 1910
were last night held at the High
school building.

At a few minutes after 8 o'clock
Gregg's orchestra began playing
several selections, meanwhile the
seniors marching into the room in
single file, being led by the valedic-
torian, Miss Audrey Mitzell.

After all were seated the pictures
of the class officers—Lawrence Col-
lins, Eleanor Berry, Rosemary Bur-
rowes, Clarence Brill and Meyers
McClure—were thrown on the
screen, this being followed by a
large picture of the entire class
being shown.

The address of the president of
the class, Lawrence Collins, followed.
In a few words he thanked the board
of education, the principal of the
school and the teachers for the un-
tiring efforts spent in their behalf,
and lastly thanked the members of
the class for the honor conferred
upon him when they elected him as
president.

After a short musical number by
the orchestra, the play, "Higbee
of Harvard," in three acts, was pre-
sented most creditably.

Those who took part in the enter-
tainment are: Ray Murphy, Albert
Boughner, Joe Reid, Lawrence Col-
lins, Everett Stanley, Bonita Sager,
Christine Johnson, Lucille Brandt
and Louise Letts.

The only unpleasantness of the
evening was caused by a few of the
members of the junior class, who, by
their babyish acts, exhibited their
bad manners and brought disgrace
upon the better members of their
class.

SEEKS STATE HONORS

Wade's Bid for Legislature Leaves
Holmes Hall Clear Field.

Springfield, Mo., May 25.—The an-
nouncement of Col. William H. Wade,
of Springfield, as a candidate for the
state legislature leaves Senator
Holmes Hall, of Sedalia, the only can-
didate for congress from the Seventh
district before the republicans at the
August primary.

Col. Wade has been considered as
a candidate for congress, and had often
declared his intentions. Senator Hall
has been indorsed as the choice of
the republicans in Lafayette and Pet-
tis counties. His friends claim he is
exceptionally strong with the union
labor leaders of the district, as he
was a member of the Machinists'
union and was employed by the Mis-
souri Pacific at Sedalia when he com-
menced the practice of law.

Tulsa Team Change Owners.

Tulsa, Ok., May 25.—The Tulsa
team in the Western association has
been sold by J. C. Hamilton to W. A.
Rupp, of this city, an experienced
baseball man.

Mr. Rupp says that he will secure
a number of new players, and will get
a winning team together. Lew Arm-
strong will be retained as manager.

John D. Rockefeller would go broke
if he should spend his entire income
trying to prepare a better medicine
than Chamberlain's Colic, Cholera
and Diarrhoea Remedy for diarrhoea,
dysentery or bowel complaints. It is
simply impossible, and so says every
one that has used it. Sold by all
dealers.

WILL SAVE LIVES

DEVICE THAT DISPLAYS DANGER SIGNALS ON THE RAILROADS.

INVENTION OF MR. F. M. COLLARD

Has Refused An Offer of \$50,000 for It—Operating Officials in Chicago Planning to Renew Their Tests.

Chicago, May 25.—Half the deaths of engineers on American railways will be prevented, according to figures of the brotherhood submitted in the firemen's wage arbitration in Chicago, by the automatic stopping of trains, when signals are at danger, or switches open, by the Collard device now under consideration by the interstate commerce commission. The figures, compiled by Secretary A. H. Hawley, of Peoria, from his record of claims for deaths and disability during the years 1904, inclusive, show the cause of death and number of victims for a portion of the engineers on railways of the United States was as follows:

Boiler explosion91
 Collision418
 Derailing of engine350
 Falling off engine91
 Run over by engine64
 Struck by cars34
 Other similar causes368
 Victims of road accidents alone were 1,394 and the total deaths from all causes were 2,834. Typhoid fever caused the death of 237 firemen; pneumonia, 131; tuberculosis, 111, and heart disease, 118. The device, which is likely to reduce the casualty toll so greatly, blows a shrill whistle in the engine cab and automatically brings to a stop any train which passes danger signals in bad weather.

This is the invention of F. M. Collard, of Danville, Ill., formerly a locomotive engineer on the Burlington. Years of experience with the practical needs of engineers had convinced him that no electrical device could be practical. His device, for which he has refused \$50,000, operates the air brakes when need requires, by a direct manual contact. If a semaphore is at danger or if a switch is open, a spring rises near the rail and operates a "trip valve" on the locomotive, setting the brakes promptly if the engineer himself is not quick enough.

Operating officials in Chicago are planning to renew their tests and there are rumors of the purchase of the device by the Westinghouse and other big interests.

DEDICATED TODAY

MONUMENT IN VICKSBURG NATIONAL PARK TO WISCONSIN SOLDIERS.

THE COST OF IT WAS \$100,000

At the Same Time the "Bloody Shirt" So Long Waved By Partisans of North and South Was Buried Forever.

Vicksburg, Miss., May 25.—In the presence of hundreds of veterans, both Union and Confederate, state officials of Wisconsin and Mississippi and representatives of the army and various patriotic organizations, the \$100,000 monument to Wisconsin soldiers was dedicated today at the Vicksburg National Military park.

At the same time the "bloody shirt," so long waved by partisans of the north and south was buried for all time. Never before did gray meet blue or Union veteran greet Confederate with such whole-souled cordiality, and this was largely due to the influence of one of Mississippi's sons, Col. James Gordon, the ex-Confederate whose farewell speech in the United States senate sounded the keynote of the final reunion between the north and the south.

In addition to the handsome Wisconsin state memorial, for which \$100,000 was authorized by the legislature of that state in 1907, seventeen smaller monuments were dedicated to the soldiers of the seventeen Wisconsin regiments which had a part in the Vicksburg campaign.

Wisconsin has played an important part in the building of the Vicksburg National Military park.

Two of Wisconsin's former governors, Gov. Lucius Fairchild and Sergeant W. Hoard, attended the first general meeting held at Vicksburg for the purpose of inaugurating the movement for a great national park, congress already having voted to lend a hand.

Gen. Fairchild, though not in the campaign under Grant, was chosen president and served as such until his death. Wisconsin's first state commission consisted of three soldiers who were through the battles and siege, one for the right of the line, one for the center and one for the left.

Col. A. G. Weissert, of the Eighth regiment, was for the right, the late Col. W. F. Vilas, of the Twenty-third, for the center, and the late Gen. Geo.

E. Bryant, of the Twelfth, for the left. It was under this commission that all of the plans for the monuments for the seventeen different commands were made. Senator Bird and Judge Burnham succeeded Col. Vilas and Gen. Bryant, and they, with Col. Weissert, have had charge in making and carrying out the plans called for by the appropriation for the \$100,000 monument.

For More Than Three Decades. Foley's Honey and Tar has been a household favorite for all ailments of the throat, chest and lungs. For infants and children it is best and safest, as it contains no opiates and no harmful drugs. None genuine but Foley's Honey and Tar in the yellow package. Refuse substitutes. W. E. Bard Drug Co.

COULDN'T KEEP AWAY

Took Poison So That She Could Return to Hospital.

Boston, May 25.—Miss Mary Farney, 17 years old, made a confession yesterday as she lay on a cot in a local hospital dangerously ill as a result of taking a potion of poison, that she took the poison for but one purpose—that of returning to the hospital where she could again be a spectator to scenes among the sick. She had been to a hospital once before and became so fascinated with the scenes that she was eager to return. She said she liked to hold the bandages for the nurses when they treat the injured persons, and knew no other way to return.

ARE PLenty OF WIDOWS

Census Enumerator Found Abundance in Kansas Town.

Topeka, Kas., May 25.—It is believed the new census will give Cedar Point, a little point in Chase county, a distinction shown by no other village of like population in Kansas, or in the United States, for that matter. There are probably more widows in proportion to the number of families in Cedar Point than in any other village of 165 inhabitants in the country. Twenty-seven families, not including the sixteen widows, make up the population of this little Chase county town. In fact, Cedar Point is known as "The Town of Widows." The proportion is more than one widow for every two families.

Cedar Point is not, however, so well supplied with bachelors and widowers, there being at this time only six eligibles.

WALK-OVER SHOES

You Know Some Men

Don't think they're getting really good Shoes unless they pay \$5 to \$7 a pair for them, and then there are others who seem to believe that \$2.50 will buy just as good Shoes as any man should want—We have made many customers out of both classes—when a man once learns by actual test that WALK-OVERS combine everything that could possibly be desirable in the way of style, durability and comfort, he doesn't do any more experimenting, he buys WALK-OVERS for dress or every day wear.

DOCTOR ARRESTED

HAMBURG, IOWA, SURGEON, IS BLAMED FOR DEATH OF A HUSBAND AND WIFE.

NOW IN COUNTY JAIL AT SIDNEY

Verdict of the Coroner's Jury Declares Woman Died Following Operation and Her Husband Committed Suicide.

Hamburg, Ia., May 25.—Charged with having performed a criminal operation upon Mrs. Perry Noblett, resulting in her death, which was followed by the suicide of the woman's husband, Dr. Arnold Jolly, of this place, is held in the city jail at Sidney, unable, as yet, to furnish \$6,000 bail to await the action of the grand jury, which assembles in August.

The Nobletts resided on a farm just across the Missouri line, four miles south of here. Wednesday night of last week, it is claimed, Dr. Jolly performed an operation on Mrs. Noblett, presumably in Dr. Jolly's office in this city. It was, probably, with the consent of Mrs. Noblett and her husband.

After the operation the Nobletts started home in a buggy and it is believed that a hemorrhage occurred before their arrival and that she died in the buggy. Noblett is presumed to have taken his wife from the carriage, disrobed her, put a night dress on and placed her body in bed, after which he called his father, Geo. Noblett, and his father-in-law, John Fennell, sr. both of whom reside here, informed them that his wife was dead and then hung up the telephone receiver.

Both of the men started at once for the young man's home and on arrival there found both Noblett and his wife dead, he with a 22-caliber rifle bullet in the right temple. It was presumed at the time that Mrs. Noblett had died while asleep of heart disease, and that Noblett, after awakening and finding her dead, had notified the relatives and committed suicide.

Thursday Coroner McKittrick, of Tabor, accompanied by County Attorney W. H. Norcutt, of Sidney, went to the Noblett home and the coroner there performed an autopsy upon the remains of Mrs. Noblett.

A coroner's jury, composed of W. H. Howe, of Sidney, and H. McKitsick and A. J. Barnes, of Hamburg, returned a verdict to the effect that Mrs. Noblett had come to her death by reason of a criminal operation performed by Dr. Jolly, and that Noblett had committed suicide.

Upon the return of the officers to Sidney a warrant was issued for Dr. Jolly and he was taken in custody Thursday night.

A note placed between two frying pans in the warming oven of the kitchen range, said to be in Noblett's handwriting, was found, which, in effect, read: "We are both to blame. She would have it done. Dr. Jolly did it all."

The funeral of the Nobletts was held at the home Saturday forenoon and they were buried in a cemetery in that neighborhood.

Mrs. Noblett was about 24 years of age and her husband about 30. They had been married about four years.

Dr. Jolly, who is about 50 years of age, has been in Hamburg eighteen years.

His wife, whom he is suing for divorce on the grounds of inhuman treatment, and his son, Arnold, who is about 17 or 18 years old, are also residents of Hamburg.

A STUDENTS' GRADUATE

Promises to Cause Trouble for Ann Arbor Saloon Keepers.

Ann Arbor, Mich., May 25.—The drunken carousal which marked Freshmen's Cap Night last Friday has proved a black eye to Ann Arbor and to the University of Michigan. As a result steps were taken yesterday to deal drastically with saloon keepers who sold liquor to minors. The state law provides forfeiture of license on second conviction. Visiting high school students of not more than 17 or 18 years, as well as university students, had no trouble getting drinks. Hundreds of intoxicated youths roamed through the streets, destroying property, insulting all whom they met and indulging in shameful orgies.

BOYCE PLEADED GUILTY

Has Assailed His Father When Told of Proposed Wedding.

Chicago, May 25.—Benjamin Boyce,

accused by Blackstone hotel officials of disorderly conduct in assailing his father, W. D. Boyce, the millionaire publisher, pleaded guilty in the municipal court yesterday and paid a fine of \$5.

Young Boyce's attack is said to have been precipitated by his father's announcement that he would be married on June 1 to Miss Virginia D. Lee, daughter of former Lieut. Gov. John A. Lee, of Missouri. The elder Boyce surprised his friends by having the wedding Monday night. With his bride he is now believed to be on his way to Montreal or Quebec. Mr. Boyce and his former wife, mother of Benjamin, are divorced.

TOPIC OF PRESENT IMPORTANCE

Personal health is and should be one of the greatest considerations of life, and as so many local people are praising the new remedy, Root Juice, it is not surprising that so many of the afflicted people of this county are so eager to talk about it and get all of the information they can in relation to the many remarkable cures it has made and is making. It invariably proves a great and agreeable surprise to weak, nervous, dyspeptic, constipated people, for after using it for a short while the soothing, healing and tonic properties of the wonderful remedy removes irritated and sore conditions from the linings of the stomach, bowels and bladder, heals and strengthens the liver and kidneys to healthy action, resulting in a good appetite, food well digested, bowels regular, good, rich blood, free from rheumatic poison, and it soon nourishes and strengthens the whole nervous system. The people at the drug store are proud of the wonderful merits of Root Juice, and gladly tell all interested of much of the great good it is doing here.—Wilcox's Drug Store.

Pretty Katherine Johann is Father Consalazio's Bride.

Trenton, N. J., May 25.—"My darling mamma, our wishes are accomplished. We are married. Kisses and regards.—Katherine."

By this brief telegram Mr. and Mrs. Franz Johann, of this city, learned that their pretty 16-year-old daughter, Katherine, had become the wife of the Rev. Father Alphonse M. Consalazio, a Roman Catholic priest of the diocese of Trenton.

Further investigation disclosed that Father Consalazio, whose attentions to Miss Johann had been made a subject of inquiry by Bishop McFaul, had accompanied her to Atlantic City Monday afternoon.

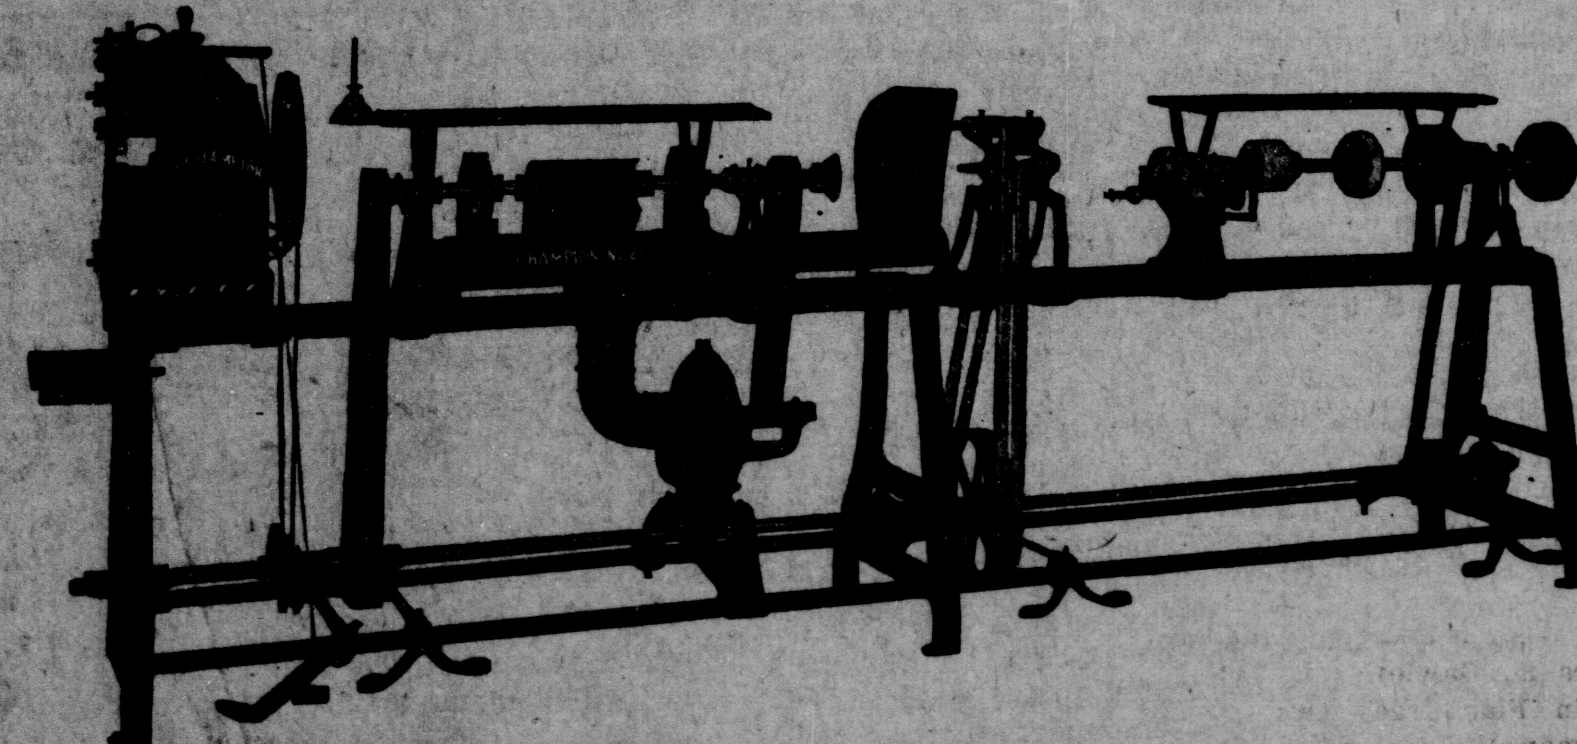

Monday night, according to information received by Mr. Johann yesterday, his daughter and Father Consalazio were married at the home of a friend of the girl living in Atlantic City.

Father Consalazio had served in the Trenton diocese for a number of years, being stationed most of the time at a church in the vicinity of Princeton.

NEVER LIKED "RITHMETIC"

It Always Got Him Into a Mess, Said "Tom" McGee.

Baltimore, Md., May 25.—In trying to work out the unique arithmetic proposition that one fourteen-year-old boy, small for his age, can be fitted into one bread box of ordinary dimensions without overlapping, three inquisitive youths, John Kelly, William Rawling and Thomas McGee, almost turned young Water Egan into the shape of a ham sandwich and gave Policeman Wright Calder a chance to act as life saver.

"Rithmetic" always got me into a mess anyway," ejaculated McGee, after young Egan, doubled up like a jack knife and his joints cracking, had been rescued from the box.

Women as Well as Men are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers who found Swamp-Root to be just the remedy needed. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

FLAGRANT FRAUDS

HAVE BEEN UNEARTHED IN CONNECTION WITH CHICAGO DIPLOMA MILLS.

GET SHEEPSKIN FOR READY CASH

Daughter of a Georgia Doctor Did a Little Detective Work and the Result Has Caused a Decided Sensation.

Chicago, May 25.—"Diploma mills" in Chicago which issue sheepskins in the name of mythical medical colleges and universities, although discouraged by the persistent warfare of the state board of health, are not yet exterminated. The last discoveries that cast doubts upon the attainments of possessors of medical school diplomas are alleged to have disclosed particularly flagrant frauds.

Diplomas conferring the degree of "doctor of obstetrics" were sent to applicants, C. O. D., for \$40. Diplomas for pharmacists were cheaper, \$30. A pretense of examinations was made, but the ability to answer the medical questions propounded would not have served in the curing of a cat.

When arrests were made it was alleged that the "Chicago Medical university" and the "Crescent Medical university," engrossed on diplomas were useful only to their "officers" and "faculties."

The arrests followed some detective work done by a Georgia doctor's daughter, Miss Ida A. Mann, under the coaching of her father. After receiving her diploma as "doctor of obstetrics," with a grading of 92 on her "examination," she wrote in a vein of irony that was undetected by the "faculty" as follows:

"Words are inadequate to express my thanks and gratification for the beautiful diploma you so kindly sent me. It is a real beauty. I trust that you have received the \$40 from the express company ere this. I am proud of the diploma, and as soon as the class picture is out kindly let me know. Now, doctor, you can issue to me the degree of pharmacy from Crescent Medical university; write me immediately, sending the examination papers, and also for medical degree, as we have no time to lose. Doctor, please attend to this at once and let me have the diploma for \$30, or less, if you can, as I can manage 'dear old dad' for that amount."

She received a reply a few days later, reading: "Your welcome letter received and will say I will be pleased to make you a graduate of our department of pharmacy at the stated price of \$30. I will mail you a list of questions on pharmacy."

MODERN HAIR DRESSING

has played havoc with the tresses of the fair sex, and druggists everywhere comment on the fact that they are selling large quantities of sage for making the old-fashioned "sage tea," such as motting the growth of their hair and restoring its natural color. The demand for this well-known herb for this purpose has been so great that one manufacturer has taken advantage of the fact, and has placed on the market an ideal "sage tea," containing sulphur, a valuable remedy for dandruff and scalp rashes and irritations. This preparation, which is called Wyeth's Sage and Sulphur, is sold by all leading druggists for 50 cents and \$1 a bottle, or will be sent direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price.

DAMROCH'S FIRST CALL

New York Director Sprung to the Front As If By Magic.

Mr. Walter Damrosch, director of the New York Symphony orchestra, received his first recognition in 1885, when he was selected assistant to Edmund C. Stanton, who was made director at the death of Mr. Damrosch's father. Owing to the experience which the young man had enjoyed, he was made assistant to the new director and it was arranged that he accompany Mr. Stanton on the European trip for the selection of artists and a conductor for the next season; but another of those events occurred which seemed to have come clearly for the purpose of making for self reliance and Mr. Damrosch went alone. Mr. Stanton was prevented from leaving New York on account of the illness of his little daughter.

Mr. Damrosch therefore acting as impessorio for the Metropolitan opera company, had some of the most notable engagements ever recorded in annals of that organization.

WANTED—A MAN, 18 to 40 years old, strictly temperate, honorable, honest. A Christian gentleman who is energetic, industrious, cool-headed, warm-hearted, ambitious to excel, to make money—not for money's sake, but for the good he can accomplish with it for others; who has lots of push, but too much love for his fellow man to push him back, aside or down to reach his goal; who is convinced, as I am, that the only road to real success is through helping others in every transaction; hence my plan which is founded on the principle of mutual benefit. My proposition is not a comet or a meteor, but is a fixed star, regular like the sun, to which you can hitch your chariot with safety.

DOWN IN YOUR JEANS—I want a man who has some money down in his pocket, or better still, in some of our banks—the safe and sane and sound Citizens' National on our street; the Third and the Sedalia National, the Giblaltars, on Third street; or the old reliable Trust company on Ohio street. I want him for a partner in a business with a future—success sure of attainment, if my plan is properly worked. I have burned the midnight oil more than once studying and planning my work, and now propose spending the remainder of my days working my plan, and need a good man to help me. Not much cash capital is necessary, but industry, energy, courage, enthusiasm, cheerfulness, kind-heartedness, carefulness—of these a large capital is absolutely essential. If the above is your picture, come and let's talk it over. There are two words in my plan that spell success, their initials head this article.

it and stocked it with cattle. Nobody knew who he was. He received no mail that might have given the game away and wrote only business letters, as far as his intimates knew.

That he was English he could not deny, but unlike the typical English remittance man, he was a rough-and-ready fellow, one who knew a joke when he saw it and who could endure himself to the vaquero and even his family.

Lord Beresford was democratic if anything, and very fond of the small saloon and low dive. Although his brother cattlemen in those days were frequenters only of classy gambling houses and flashy booze emporiums, such as El Paso boasted then, Beresford had a taste only for the lower variety of joy parlor.

But the nobleman, "Incog," came to understand the cattle business from A to Z, and did well financially. Socially he would have been as great a success had he willed it. But society was the thing he was tired of, and to make himself socially impossible Beresford fell in love and lived with a very comely negress, who afterwards became known as "Lady Flo." At first "Lady Flo" was only the cook, but when Beresford went so far as to apply for a room at one of the leading hotels of El Paso for "Mr. and Mrs. Delaval Beresford" things reached the breaking point.

It was during a typical Beresford bacchanal that the identity of the lord became known. The negress had been imbibing heavily during the revelry and began to prattle. "Sho," she said, "I'm Lady Flo. My husband is the brother of Lawd Beresford of the English navy, an' we's gwine back to ole England, an' I's gwine to see de queen; she has to see me, 'cause I'se the wife of a lawd."

Beresford had reached a level where he did not mind such trifles, and the fact that he and the negress were spoken of as "Lord and Lady Flo" did not concern him much. He showed a singular affection for the woman, and at all the stores in El Paso and Chihuahua she had charge accounts which were promptly met by Beresford.

For years the lordly cattleman had been in the habit of selling his cattle in Canada, and while returning from a trip there in the spring of 1907 his train went into the ditch near Medicine Hat. Among the list of those killed was his name. The news no sooner reached Lady Flo than she assumed mourning and proceeded to claim the property of her "husband."

All went well until a will was found, in which Lord Beresford left his property to his "legal heirs," save \$5,000, which was to go to my "faithful housekeeper, Flora."

The genuineness of this document has been doubted by many, although the courts do not seem to have questioned it. Lady Flo began to show spirit and promised to drag the case through every court in Mexico and the United States, when a personal visit from Admiral Beresford set the matter right. How much the negress received for relinquishment of her claim is not known, but at all events she lives today in a fine brick house in El Paso, and on her carriage steps appear the words, "Lady Flo." Moreover, she is quite a landlord.

WIGGLED HIS WHISKERS

From Behind a Log Like a Rabbit and Companion Shot 'Em Up.

Ripley, Tenn., May 25.—Concealing himself behind a log, with his gray whiskers protruding, Leroy Roberts, well known farmer of the Fifth district, succeeded in his undertaking of "fooling" his hunting companion, Estes Montgomery, by barking like a squirrel.

Montgomery, in his haste to kill what he thought was a gray squirrel, pumped one barrel of his shotgun at Roberts, who may lose both eyes as the result of bird-shot wounds.

Stop That Cold

To check early colds or Grippe with "Preventics" means sure defeat for Pneumonia. To stop a cold with Preventics is safer than to let it run and be obliged to cure it afterwards. To be sure, Preventics will cure even a deeply seated cold, but taken early—at the sneezing stage—they break up head of these early colds. That's surely better. That's why they are called Preventics. Preventics are little Candy Cold Cures. No Quinine, no physic, nothing sickening. Nice for the children—and thoroughly safe too. If you feel chilly, if you sneeze, if you ache all over, think of Preventics. Promptness may also save half your usual sickness. And don't forget your child, if there is feverishness, night fever, if there is probably the Preventics' greatest efficiency. Sold in boxes for the pocket, also in 25c boxes of 48 Preventics. NEWS OF THE RAIL

THE BURLINGTON RAILWAY TO PUT ELECTRIC LIGHTS ON ALL ITS TRAINS.

COACH, CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From Various Sources for the Benefit of Democrat-Sentinel Readers.

All through trains on the Burlington system will be lighted by electricity, effective June 1, by installing a dynamo system. The dynamo will be carried in the baggage car and in each coach there will be a storage arrangement, so that if the baggage car is cut off while switching the lights will not be interfered with.

The suburban service furnished in Chicago by the Burlington is already electric lighted, the dynamo for the suburban coaches being attached to the locomotive.

The installing of electricity on all the Burlington through trains involves a large expenditure as first cost, but is expected to prove a popular improvement.

Experiments have proven that by the new system a steady and brilliant light is assured and it is conceded to be the most perfect system of train lighting yet devised.

FACTS FOR THE FIGHT.
Spend a dollar for bread and 37 cents will go to the farmer and 16 cents to the laborer; spend a dollar for beer and 10 cents will go to the farmer and 7 cents to the laborer.

The liquor dealers have much to say about the market they create for raw material and ask what the farmer would do with his grain if the brewery and distillery were closed.

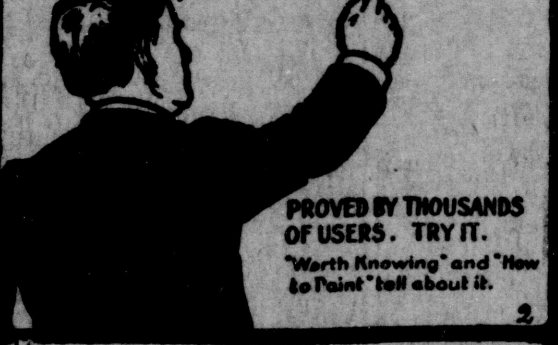

There are two answers to this: First, in the language of a farmer, "We would raise more hogs and less hell."

Second, the liquor traffic uses only 11.9 per cent of the rye raised in the United States; 1.14 per cent of the corn; 43.04 per cent of the barley; 0.002 per cent of wheat; 0.002 per cent of oats.

BATTLE ON RIVER

NAVAL ENGAGEMENT ON THE WABASH FOR VETERANS AT TERRE HAUTE, IND.

MONUMENT ALSO BE DEDICATED

Three Days of Solid Enjoyment for Hoosier Soldiers Who Battled for the Flag in the War of Rebellion.

Terre Haute, Ind., May 25.—Three days of solid enjoyment for the old Hoosier veterans will be provided by the people of Terre Haute for the thirty-first annual encampment of the Grand Army of the Republic, Department of Indiana.

Commercial organizations, Sons of Veterans, Sons of the American Revolution and Spanish War Veterans participated in the welcome to the aged "boys in blue" today. Theaters will provide free attractions for the veterans, and there will be many other novel entertainments.

A unique feature of the encampment will be a naval battle upon the Wabash river. The event will occur at night and will be watched by the spectators under the glare of a powerful search light from the top of the magnificent Wabash bridge. During the course of the battle fire will be opened on the boats from a fort that is being constructed. A company of infantry will be seen marching in a land attack on the fort.

Another event that is not associated ordinarily with the state encampments will be the dedication of the beautiful monument recently completed by the people of Vigo county as a tribute to the memory of its soldiers and sailors.

The visitors will also be taken on motor boats down the river to the site of old Fort Harrison. This will be interesting in that soldiers stationed there as a protection against the Indians, were, at different times, under the command of two men destined to become presidents of the United States—General William Henry Harrison and General Zach Taylor. Numerous camp fires will be held. Several distinguished visitors will be present.
